

## POLICY STATEMENT

**ASPIRATA CERTIFICATION** is a certification body and as management, we are committed to the principals of the ISO/IEC 17021-1:2015 and ISO/IEC 17065:2012 international standards, and other additional scheme requirements to provide our customers with a professional certification service in line with good business practice.

We shall perform these activities in accordance with stated methodologies and ensure that the quality of work and services to customers always conforms to their expectations.

We shall conform to the requirements of the ISO/IEC 17021-1:2015 and ISO/IEC 17065:2012 standards, and additional JAS-ANZ, SANAS and scheme requirements as documented and adopted in the certification management system inclusive of achieving stated objectives.

We shall ensure that all certification personnel are familiar with the documented system by providing appropriate training and support services in auditing activities.

Our policy is thus directed towards achieving the following objectives:

- Maintain accreditation to ISO/IEC 17021-1 and ISO/IEC 17065
- Transition to and maintain FSSC vs 5.1 and GlobalG.A.P. IFA v5.3 scheme requirements
- Perform audit activities accurately and on time
- Achieve delivery dates consistently
- Ensure customer satisfaction
- Ensure staff competence
- Continually improve the management system in accordance with transition documents
- Ensure impartiality and manage existing and residual risks
